Wind Energy

Clients in the wind energy sector know us for our exemplary work on transactional, regulatory and commercial issues.

Energy projects are complex and clients rely on us to identify and manage risk early in a project life cycle. Our specialist team possesses market-leading expertise in regulation, construction, planning, financing, acquisitions and disposals. We offer the most comprehensive suite of legal services available to Irish wind energy market participants.

We have acted for developers and lenders on the project financing of wind farms with a combined finance value in excess of €2.8 billion and an energy generation capacity in excess of 1.76GW. Our clients include leading investors, developers, financiers, utilities and regulators.

Our Expertise

- Project finance
- Procurement, construction and development
- Real estate
- Planning and environment
- Regulation, procurement and supply
- Single Electricity Market
- REFIT eligibility
- Merchant generation opportunities
- Competition law
- Mergers and acquisitions
- Dispute resolution
- Tax structures

About MHC

We have 80 partners, with offices in Dublin, London, New York and San Francisco. Our advice is grounded in wisdom gained by combined experience. It is commercial and strategically informed. We deliver it quickly and clearly. This approach is how we make a valuable and practical contribution to each client’s objectives.
