

Fintech

The future of money is changing and the financial sector is rapidly transforming its established technologies. Fintech is the embodiment of this shift.

We are at the forefront of Fintech law, providing cutting-edge advice to assist with the challenging commercial and regulatory realities of this evolving area. We offer unparalleled global expertise coupled with detailed local insight.

Our clients vary from some of the world's best-known financial institutions and data driven organisations to emerging Fintech businesses.

Our Expertise

- *Financial Regulation*
 - Licensing and authorisation
 - Regulatory compliance
 - PSD2, Electronic Money Directive and MiFID
- *Information Technology and IP*
 - Payment services agreements
 - Cloud hosting arrangements
 - IP licensing and protection
- *Privacy*
 - Multi-jurisdictional data transfers
 - Cyber-security
 - Privacy structures

Our Experience

Our highlight deals include:

- Advising the first e-money institution to be authorised by the Central Bank of Ireland on its successful licence application
- Acting for an Irish Fintech business on the roll out of its disruptive payment transaction authentication technology
- Drafting and negotiating payment services agreements, SLAs and privacy policies for a mobile payment provider

About Us

As legal and regulatory responsibilities become more complex, progressive organisations need measured advice to help realise their ambitions. The expertise we bring is rooted in unrivalled knowledge of your industry, so our advice is always set in its commercial context. We empower our international and domestic clients by giving focused recommendations and a clear understanding of their options. We solve the issues you face today and anticipate the challenges you face tomorrow.

We are a business law firm with 80 partners and offices in Dublin, London, New York and San Francisco.
